

A FOUR-HIT WONDER w/d® MULTI-BENEFIT

Hill's® Prescription Diet® w/d® is now w/d® Multi-Benefit. It's the same nutrition trusted for multiple conditions — now with a new name and improved taste that strikes just the right chord.

- 1 Helps minimize blood glucose fluctuation, which may **reduce insulin dosage**
- 2 **Shown to address fiber-responsive GI conditions** such as colitis, diarrhea or constipation
- 3 Helps trigger satiety and give dogs a feeling of fullness **to maintain a healthy weight**
- 4 With S+OXSHIELD™ to promote a urinary environment that **reduces the risk of developing struvite** and calcium oxalate crystals

w/d[®] MULTI-BENEFIT
